PETITIONS AND COMMUNICATIONS

State of Wisconsin Department of Transportation

April 12, 2007

The Honorable, The Senate:

I am pleased to present to you, for distribution to the Wisconsin Senate, the annual evaluation report on the Pretrial Intoxicated Driver Intervention Grant Program. It is also available on our website, www.dot.wisconsin.gov/library/publications/topic/safety.htm. The program, created by section 85.53 Wis. Stats., was established by the legislature in 1997 with the requirement that the Department study its impact and report on its findings.

The Pretrial Intoxicated Driver Intervention Grant Program is intended for offenders who are arrested for their second or subsequent OWI (Operating While Intoxicated) offense. Offender participation may be voluntary or court ordered. It is an intervention model designed to get offenders into counseling, treatment and supervision as soon as possible after the arrest. The program is individual to each community.

As you will see in the report, no community that has begun a program has dropped it. Overall, offenders who successfully completed the program were less likely than non-participants to be re-arrested for subsequent OWI violations. Those who were re-arrested went significantly longer between arrests than non-participants. Currently there are seven counties on a waiting list for funding to begin programs.

I commend those people who have dedicated themselves to making this innovative program a success. There are no “silver

bullets” in eradicating impaired driving, but I feel this effort is a vital piece in the total transportation safety effort.

Sincerely,
MAJOR DANIEL W. LONSDORF
Director, Bureau of Safety
